This programme is a working document. You must take this programme to each tutorial & the Chair must confirm your attendance by his / her initials in the right-hand column. The signed programme is to be included in your Portfolio.

Tutorials should be chaired by an SpR or StR 3-6, assisted by a Consultant who should act as facilitator for the tutorial and also give feedback to the chair on his / her teaching skills.

These tutorials are designed to be interesting rather than to cover topics to examination depth. Tutorials based on syllabus covered by "Fundamentals in Anaesthesia" (ed. Pinnock) and "Fundamentals and Principles of Anaesthesia" (ed. Hutton).

Following this programme Anaesthesia CT1 trainees, and ACCS CT2 trainees destined to enter Anaesthesia, join the Primary FRCA tutorial programme.

ACCS CT2 trainees NOT destined to enter Anaesthesia enter the Extended Starter Tutorial Programme from w/c 07/11/11 These tutorials are planned regionally.
