of Great Britain & Ireland

**NHS**

**National Patient Safety Agency**

**National Reporting and Learning Service**

# Easier Reporting of Anaesthetic Incidents

**2.5 CPD Points** will be awarded for this meeting

**Friday 17th September 2010  
9.30am to 12.30pm**

**Education Centre,  
Fairfield General Hospital**

*must have information on a new way for your organisation to  
report and learn from anaesthetic incidents*

*The Anaesthetic eForm is an electronic web-based system that offers a  
portal to report any anaesthesia related untoward incidents for review and  
learning.*

*This workshop will aim to provide information on the development of the  
eForm and give a practical demonstration of its completion. Delegates will  
discuss the impact that use of the eForm can have on improving patient  
safety in anaesthesia within your organisation.*

*The workshop is aimed at the anaesthetists, the anaesthetic team, clinical  
and risk managers and all healthcare workers involved in the reporting of in-  
cidents. The eForm has been available in England and Wales since 30<sup>th</sup> No-  
vember 2009.*

*Light refreshments will be provided*
